

**SENZANI**

From innovation to pack

**DISPLAY &  
TRAY PACKERS**

**TP40**

The Senzani TP40 is a **monoblock, “form & fill” display/tray packer** suitable to handle both **cartons** and **displays/trays**. Its main feature is the variety of products that it can pack, even at high speeds.

The machine is made-up of the following main groups:

- Single or double, inclined flat blank magazine
- Picking system with articulated arm.
- Lateral side flap gluing with hot melt injection device.
- Forming unit.
- Positive carton handling.
- **Filling system through an integrated Senzani design “pick & place”.**
- Top flap gluing with hot melt injection device.
- **Lid module.**
- Closing station.
- Reject station.
